## DEMANDING A HALT

TEXT OF ROOSEVELT'S THIRD TERM MOVEMENT LETTER TO CABINET OFFICIALS.

### DEALT WITH ACCORDINGLY

Advocacy of Renomination Will Be Regarded as Serious Breach of Official Propriety.

Washington, Dec. 10.—After the Cabinet session today the letter addressed by President Roosevelt to the members of his Cabinet on Nov. 19, instructing them to inform federal officeholders not to participate in a third term movement for President Roosevelt, was made public at the White House.

It is said that Cabinet officers will at once take action in accordance with this letter, which is as follows:

"I have been informed that certain officeholders in your department are proposing to go to the national convention as delegates in favor of re-nominating me for the presidency, or are preparing to procure my indorsement for such renomination by state conventions. This must not be. I wish to inform such officers as you may find it advisable or necessary to inform in order to carry out the spirit of this instruction, that such advocacy of my re-nomination or acceptance of an election as delegate for that purpose will be regarded as a serious violation of official propriety and will be dealt with accordingly. ## AGAINST PIPING GAS.

Representative Vandevanter introduces Bill in Oklahoma Legislature.

Guthrie, Ok., Dec. 10.—The Vandevanter bill introduced in the Oklahoma House of Representatives today, seeking to prevent piping of natural gas found in Oklahoma beyond its borders, regulates the construction and operation of gas pipe lines, defines how the right of eminent domain may be exercised for such purpose and limits the pressure such lines may maintain. It provides that any association, etc., may become a body corporate for the purpose of producing or transporting natural gas to points within the state upon complying with the general corporation laws of Oklahoma, the provisions of the pending bill.

## COTTON REPORT.

Washington, Dec. 10.—The crop reporting board of the bureau of statistics of the department of agriculture from the reports of the correspondents and agents today issued a report estimating that the total production of cotton in the United States for the year 1907-08 will amount to 5,581,965,000 pounds (not including linters), equivalent to 11,678,000 bales of 500 pounds gross weight.

The report caused an immediate slump of 50 points in the market.

## Tom Hope Returned.

Tom Hope, of the Ada National, returned Wednesday from Guthrie where he by request met the Governor, the Banking Committee of the Legislature and the Executive Committee of the State Bankers' Association in a conference at which there was finally completed the draft of a banking bill, which through Senator Roddie, and on the administration's request will be rushed through the Legislature under emergency act.

The public understands that this bill will place every good bank in the state behind every dollar deposited in any bank in the state. It is expected that such a measure will immediately restore perfect confidence and enable every bank to throw its doors wide open. Mr. Hope states that Senator Owens, who was present at the meeting promised to immediately put the proposition of Oklahoma's banks proposal squarely before the treasury department looking to have permission for the National Banks of this state to join in and become a part of this co-operative depositors guarantee measure.

It is stated by a well known and substantial banker that unless the treasury department authorizes the National Banks of Oklahoma to become members of this legally established state co-operative association, that Mr. Treasurer Department just as well call to the Oklahoma National Bank Examiners for undoubtedly the national banks of the state would surrender their charters and become state banking institutions. The Oklahoma bankers appear determined to restore confidence by giving every depositor a dead moral cinch for his cash and its burrah for them.

## Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments must be combined. One is local, one is constitutional, but both are important, both essential. Dr. Shoop's Night Cure is the Local. Dr. Shoop's Restorative, the Constitutional. The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all worn, all tissue, and all blood elements.

The "Night Cure", as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, causes nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system. For positive local help, use as well

When the Stomach, Heart or Kidney nerves get weak, then these organs always fail. Don't drug the stomach nor stimulate the Heart or Kidneys. That is simply a makeshift. Get a prescription known to Druggists everywhere as Dr. Shoop's Restorative. The Restorative is prepared expressly for these weak inside nerves. Strengthen these nerves, build them up with Dr. Shoop's Restorative—tablets or liquid—and see how quickly help will come. Free sample test sent on request by Dr. Shoop, Racine, Wis. Your health is surely worth this simple test. Sold by Ramsey's Drug Store.

Amount of Rheumatism Reported Everywhere is Alarming.

Thousands of men and women who have felt the sting and torture of this dread disease, which is no respecter of age, persons, sex, color or rank, will be interested to know that while for many years rheumatism was considered an incurable disease, now it is one of the easiest afflictions of the human body to conquer. Medical science has proven it not a distinct disease in itself, but a symptom caused by inactive kidneys. Rheumatism is uric acid in the blood and other waste products of the system which should be filtered and strained out in the form of urine. The function of the kidneys is to sift these poisons and acids out and keep the blood clean and pure. The kidneys however, are of spongy-like substance, the holes or pores of which will sometimes, either from overwork, cold or exposure become clogged and inactive, and failing in their function of eliminating these poisons from the blood, they remain in the veins, decompose and settling about the joints and muscles, cause the untold suffering and pain of rheumatism and backache, often producing complications of bladder and urinary disease, weakness, etc.

The following simple prescription is said to relieve the worst cases of rheumatism because of its direct action upon the blood and kidneys, relieving, too, the most severe forms of bladder and urinary troubles: Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Mix by shaking well in a bottle and take in teaspoonful doses after each meal and at bedtime. The ingredients can be had from any good prescription pharmacy, and are absolutely harmless and safe to use at any time.

In a very prompt manner the bill of the government was passed in the legislature. This bill provides that all public printing and binding, required by the legislature, Supreme Court, Governor, State institutions or any other of commission created under the laws of the state, also all bound book and records required by the district courts and counties of the state shall be done under the supervision and on the order of the state printer. It is provided that no printing shall be done except such as in the judgment of the governor, state treasurer and state printer shall deem necessary for the use of the officers, departments, counties, districts and institutions referred to. ## DEMANDING A HALT

TEXT OF ROOSEVELT'S THIRD TERM MOVEMENT LETTER TO CABINET OFFICIALS.

Washington, Dec. 10.—After the cabinet session today the letter addressed by President Roosevelt to the members of his cabinet on Nov. 19 instructing them to inform Federal judges not to participate in a third term movement for President Roosevelt was made public at the White House. It is said that cabinet officers will once take action in accordance with this letter which is as follows: I have been informed that certain officeholders in your department are proposing to go to the national convention as delegates in favor of re-nominating me for the presidency or in preparing to procure my endorsement for such re-nomination by state conventions. This must not be. I wish to inform such officers as you may find it advisable or necessary to inform in order to carry out the spirit of this instruction that such advocacy of my re-nomination or acceptance of an election as delegate for that purpose will be regarded as a serious violation of official propriety and will be dealt with accordingly. Sincerely yours, THEODORE ROOSEVELT.

Representative Vandevanter introduced a bill in the Oklahoma Legislature.

AGAINST PIPING GAS.

Guthrie, Ok., Dec. 10.—The Vandevanter bill introduced in the Oklahoma House of Representatives today, seeking to prevent piping of natural gas found in Oklahoma beyond its borders, regulates the construction and operation of gas pipe lines, defines how the right of eminent domain may be exercised for such purpose and limits the pressure such lines may maintain. It provides that any association, etc., may become a body corporate for the purpose of producing or transporting natural gas to points within the state upon complying with the general corporation laws of Oklahoma, the provisions of the pending bill.

COTTON REPORT.

Washington, Dec. 10.—The crop report board of the bureau of statistics of the department of agriculture from the reports of the correspondents and agents today issued a report estimating that the total production of cotton in the United States for the year 1907 will amount to 2,250,000 bales (not including lint), equivalent to 11,675,000 bales of 50 pounds gross weight.

Hope Hope Returned.

John Hope of the Ada National Bank, who was away from Guthrie where he was engaged in the business of the Bankers Committee of the Legislature and the Executive Committee of the State Bankers Association in a conference at which there was first completed the draft of a banking bill which through Senator Roddie and on the administration's request will be rushed through the Legislature into emergency act.

The public understands that this bill will place every good bank in the state behind every dollar deposited in any bank in the state. It is expected that such a measure will immediately restore perfect confidence and enable every bank to throw its doors wide open. Mr. Hope states that Senator Owens who was present at the meeting promised to immediately put the proposition of Oklahoma's banks proposal squarely before the treasury department looking to have permission for the National Banks of this state to join in and become a part of this co-operative depositories guarantee measure.

It is stated by a well known and substantial banker that unless the treasury department authorizes the National Banks of Oklahoma to become members of this legally established co-operative association, that Mr. Treasurer Department just as well call to the Oklahoma National Bank Examiners for undoubtedly the national banks of the state would surrender their charters and become state banking institutions. The Oklahoma banks appear determined to restore confidence by giving every depositor a lead moral punch for his cash and its warrent for them.

Weak Women

To weak and ailing women, there is but one way to help. But with that way, two treatments must be combined. One is local, one is constitutional. Both are important, both essential. Dr. Shoop's Night Cure is the local. Dr. Shoop's Restorative is the constitutional. Dr. Shoop's Night Cure is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is a wholly an internal treatment. The Restorative reaches throughout the system, making the repair of all nerve, all flesh, and all blood ailments. The "Night Cure" as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, as a general tonic, gives renewed vigor and builds up strength, vigor, and energy. Take Dr. Shoop's Restorative—tablets or liquid—two per day, one to the system. For positive local help, use the local.

AGAINST PIPING GAS.

Representative Vandevanter Introduces Bill in Oklahoma Legislature.

Guthrie, Ok., Dec. 10.—The Vandevanter bill introduced in the Oklahoma House of Representatives today, seeking to prevent piping of natural gas found in Oklahoma, beyond its borders, regulates the construction and operation of gas pipe lines, defines how the right of eminent domain may be exercised for such purpose and limits the pressure such lines may maintain. It provides that any association, etc., may become a body corporate for the purpose of producing or transporting natural gas to points within the state upon complying with the general corporation laws of Oklahoma, the provisions of the pending bill.

COTTON REPORT.

Washington, Dec. 10.—The crop reporting board of the bureau of statistics of the department of agriculture from the reports of the correspondents and agents today issued a report estimating that the total production of cotton in the United States for the year 1907-08 will amount to 5,241,000 bales (not including lint), equivalent to 11,675,000 bales of 50 pounds gross weight.

The report caused an immediate slump of 25 points in the market.

Tom Hope Returned.

Tom Hope of the Ada National, returned yesterday from Guthrie where he had been met by the Governor, the Banking Committee of the Legislature and the Executive Committee of the State Bankers' Association in a conference at which there was final completed the draft of a banking bill which through Senator Roddie and on the administration's request will be rushed through the Legislature into emergency act.

The public understands that this bill will place every good bank in the state behind every dollar deposited in any bank in the state. It is expected that such a measure will immediately restore perfect confidence and enable every bank to throw its doors wide open. Mr. Hope states that Senator Owens who was present at the meeting planned to immediately put the proposition of Oklahoma's banks proposal squarely before the treasury department looking to have permission for the National Banks of this state to join in and become a part of this cooperative depositors guarantee measure.

It is stated by a well known and substantial banker that unless the treasury department authorizes the National Banks of Oklahoma to become members of this locally established cooperative association, that Mr. Treasurer Department just as well call to the Oklahoma National Bank Examiners for undoubtedly the national banks of the state would surrender their charters and become state banking institutions. The Oklahoma bankers appear determined to restore confidence by giving every depositor a dead moral check for his cash and its worth for them.

XX Century Chills.

The ladies of the 20th Century Club will give a Chills supper Thursday evening from 5 to 8 in the building first door east of the Grand Leader for the benefit of public library. Price 15 cents.

Going Home for Christmas.

Guthrie, Ok., Dec. 10.—The legislature is contemplating an adjournment of two weeks for the holidays. The plan is to adjourn Dec. 20 or 21 until Jan. 6, which would give the members and employees the full holiday season at home.

Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments must be combined. One is local, one is constitutional, but both are important, both essential. Dr. Shoop's Night Cure is the local.

Dr. Shoop's Restorative, the Constitutional.

The former—Dr. Shoop's Night Cure—is a topical remedy, a suppository remedy, which Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve, all tissue, and all blood ailments.

The "Night Cure," as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, breaks local weaknesses and discharges, while the Restorative, upon general stimulation, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—also, general tonic to the system. For positive local help, use well to the system.
